GAUTAM JOINS AHS...

After 6 long years, Gautam joins the family of millions of patrons and celebrities, who eventually found the ultimate solution for hair loss, only at Advanced Hair Studio.

When Nothing Works...

Only those who suffer from hair loss know the desperation one goes through in search for the cure.

When No One Helps...

Gautam's search for the answer to his hair loss problem led him to try all possible solutions available around the globe. After every failed procedure, Gautam finally came to Advanced Hair Studio for an answer.

YOU LEAVE THE REST

Years of treatments and surgeries have forced him to accept a half-hearted compromise: having some hair at the front but thinning and patches on the top. He then realized that there is a massive difference between spreading your hair and styling it. *"After many painful years, 3 futile surgeries and lakhs of rupees down the drain, I was running out of time, confidence and patience."*

AND GO TO THE BEST

Refusing to settle on this compromise, Gautam finally decided to approach the experts. With Advanced Hair Studio's unique procedure, he got head full of hair back in every sq. centimeter of his scalp. *"So far it has been a brilliant experience for me. My family and friends are very happy and I'm very happy about it too. Now with a head full of hair it feels good to look at myself."*

When nothing works and no one helps,

Leave the rest and go to the best.

Action speak louder than words. Gautam Gambhir is a testament to the truth that coming to Advanced Hair Studio leads to complete satisfaction, giving results suiting one's age, face, personality, profession and expectations.

It's time for India to wake up and see that the answer to hair loss ultimately lies only with Advanced Hair Studio.
